„The City is My Jungle“

Travels, Words, Pictures & Guidebooks

Having worked for many years in the publishing industry selling other travel writers' books, Duncan J. D. Smith decided in 2003 to start writing and illustrating his own. As a full-time freelance travel writer, historian, photographer, and self-styled 'Urban Explorer', he has embarked on a lifetime's adventure to uncover and record the hidden corners, little-known places and unusual objects of Europe's great cities.

His findings are being published in a ground breaking series of guidebooks - the "Only in..." guides - designed specifically for the purpose. The first four titles - "Only in Vienna", "Only in Budapest", "Only in Prague", and "Only in Berlin" - have already been published, with "Only in Munich" planned for Spring 2009.

As a result of his extensive travels, not only through the cities of Europe but also Morocco, the Greek Islands, Croatia, Egypt, Jordan, Turkey, Kenya, and Tanzania, Duncan regularly generates original illustrated material for publication both in magazines and online.

- Born in 1960 in Sheffield, England
